

According to Section 595.3 of Title 22, Texas Administrative Code, all schools that periodically apply pesticides indoors are required to notify parents or guardians of children attending that school about pesticide use at the time of the child's registration. Notification is the responsibility of the chief administrators of the school or educational institution or day-care.

NOTICE OF INTEGRATED PEST MANAGEMENT (IPM) PRACTICES

This school periodically applies pesticides and/or herbicides as part of an integrated pest management program. All persons applying pesticides and/or herbicides at this school are required to receive special training in pesticide and herbicide applications and pest control. In addition, this school has a policy that requires use of non-chemical pest control tactics whenever possible.

Should you have further questions about pesticide and/or herbicide use, including the types and timing of treatments, you may contact:
